

They have helped at home this weekend to bake cakes for the Big Lunch which took place after church today. They shared their cakes with members of the community at lunch.

They have also been using some of our recycling to make new new toys - including accessories for their teddies and a lava lamp.

Holly and Lilly did a fantastic job helping mum make banana bread on Saturday, they made an extra loaf to share with their lovely church community, at the big lunch on Sunday.

- Empty the dishwasher
- Tidying toys/the room before bed - fully, to a deep clean level!
- Lots of patience and understanding with his younger brother, spending time explaining how toys worked and playing with him rather than not
- Generally passing things and undoing a lid or help putting shoe's on if his brother is struggling
- Playing 'schools' and teaching us what God made and the appreciation we have for it
